NOTES:

- 1) Juries for pianists, drumset, and guitars to be arranged by studio instructors.
- 2) University policy requires a final exam in all classes at the scheduled time. Exceptions are rare and must be approved in advance by department head, dean, and provost.
- 3) School of Music practice is that lab classes (aural skills, methods classes, etc.) may hold individual performance exams during their exam slots. This lightens the load of finals for music students.
- 4) Ensembles do not meet during finals week, except for the commencement band.
- 5) Evening Classes meet in the regular room on the regular day, *but from 6:00-8:30pm.*
